## Fruitcakes in the Alley Bowling Tournament

December 31, 2013

Allie Yesbeck has always been an active and energetic child with a smile that can light up a room. The summer before her 10<sup>th</sup> birthday she started experiencing joint pain, lethargy and serious bouts of illness. There were times when the pain in her hips and knees was so severe that she could not walk and had to be carried up the stairs. Shortly after her 10<sup>th</sup> birthday, Allie was diagnosed with Juvenile Arthritis. The past few years have been filled with doctor's appointments, tests, treatments, physical therapies and many medications; but through it all Allie has displayed a positive and fun attitude!

Allie is now 13 years old and has responded well to treatment for Juvenile Arthritis. She has resumed many of her favorite activities including cheerleading, tumbling and ballet. She takes pride advocating for awareness about Juvenile

Arthritis and is honored and excited to be a part of the Fruitcakes in the Alley Fundraiser. She and her family are grateful for The Parrot Heads of Central Florida. It is thanks to efforts from groups like these that help advance medical treatments for kids like Allie.
